Statement of school policy

At Mary Help of Christians school the dignity of the human person is the foundation of all Catholic social teaching and intrinsic to our education ministry. Consequently, the principle that the person is made in the image and likeness of God, is central to the mission of our parish school. This policy identifies the interconnectedness of the characteristics of quality Catholic learning and teaching and is intended to value, respect and promote the self-esteem and dignity of each student. The school will actively promote anti-bullying messages alerting students and staff of the need to be vigilant.

Scope of the policy

It is essential that we create and maintain a respectful, safe and supportive learning environment that promotes student wellbeing and enables the school to engage a diverse range of learners including those with a disability.

This Anti-Bullying policy supports the school's Mission and Vision Statements and Catholic Education in the Diocese of Lismore, Foundational Beliefs and Practices-*The Essential Framework*.

The Diocesan approved poster resource is included in this policy, Nine Elements for a Parish School Approach to Wellbeing and is based on the National Safe Schools Framework. This poster helps to locate bullying issues within a wider pastoral care context.

This policy covers the bullying of students with disabilities. Disabled children and young people enrolled at Mary Help of Christians school need to:

- know they have the right to be safe from bullying. They need to know what bullying is, how to keep safe and what to do if adults do not do enough to stop the bullying
- be involved in the development and review of school anti-bullying policies
- know what to do to help stop a disabled child or disabled young person being bullied

At Mary Help of Christians school we expect that learning technologies are used ethically and responsibly in the school environment, so that communication is respectful and human dignity valued. The prevention of and responses to incidents of bullying, inappropriate use of technology and disrespectful behaviour is more readily achieved in a caring and supportive school culture that promotes positive relationships and reflects Gospel values. Bullying, cyber-bullying, harassment, aggression and violence disregard core values of our faith including dignity, respect, justice, equity, compassion, trust and courage. Importantly, such actions can adversely affect the wellbeing of our students and are therefore unacceptable.

All members of this school community are expected to prevent and challenge such actions in order to build respectful relationships that respond effectively and sensitively to the needs of each student.

Context

At Mary Help of Christians school we define bullying as:

A pattern of repeated physical, verbal, psychological or social aggression that is directed towards a specific student by someone with more power and is intended to cause harm, distress and/or create fear. Bullying of any form or for any reason can have long-term physical and psychological effects on those involved, including bystanders.

Bullying may be carried out overtly (e.g. face – to – face) or covertly (e.g. through repeated social exclusion or via technology). It is a sub-category of aggression and is different to, but also related to, harassment and violence. It is not the same as conflict or social dislike even though, in some cases, the outcome of both can be bullying.

The different types of bullying identified by the National Safe Schools Framework (NSSF) include:

Face-to-face bullying (sometimes referred to as direct bullying) involves physical actions such as punching or kicking or overt verbal actions such as name-calling and insulting.

Covert bullying (sometimes referred to as indirect bullying) is a subtle type of non-physical bullying which isn't easily seen by others and is conducted out of sight, and often unacknowledged by adults.

Cyber-bullying occurs through the use of information or communication technologies such as Instant Messaging, text messages, email and social networking sites. Cyber-bullying involves the use of any information and communication technology involving deliberate, isolated or repeatedly hostile behaviour by an individual or group, that is intended to harm others or is undertaken recklessly, without concern for its impact on others. By virtue of its nature, technology facilitates repeated access to harmful content. It has many similarities with offline bullying but it differs in that the student(s) who is/are bullying can be anonymous, it can reach a wide audience and the sent or uploaded material can be difficult to remove.

Most students who cyber bully also bully off-line. It is now recognised that many forms of covert bullying appear to have significant potential for serious harm.

This definition refers to the use of digital technologies which are very much a part of life and learning, because they offer such a wide range of tools and platforms for social and educational engagement. However, the risks of the digital environment must be acknowledged and constantly addressed. Being cyber safe and acting ethically when using electronic communications is the responsibility of all members of this school community.

At Mary Help of Christians school a conflict between equals and single incidents are not defined as bullying although, of course, such incidents will require intervention by the school and are treated as serious.

Duty of Care at Mary Help of Christians school

Staff at this school must be aware of the possibility of bullying and take action to prevent bullying if it is reasonably foreseeable.

The school will take reasonable actions to develop plans and implement programs aimed at deterring bullying activities. At Mary Help of Christians school the following anti-bullying plans and programs are mandatory:

- 1 Anti bullying unit of work in PDHPE is taught in the first two weeks of every school year
-

- 2 Socio-grams are completed by students once per term in each school year
- 3 Daily check-in system for students at risk of bullying or being bullied.

Our Anti-Bullying Policy and Procedures is disseminated as appropriate to members of the school community.

If a serious criminal offence has been identified we will report this to the police. This is the principal's responsibility. Teachers are to contact the principal immediately when conduct such as stalking, destruction of property, threats to inflict serious injury and/or kill, physical and sexual assault, offensive behaviour, discrimination, cyber stalking, defamation, breach of privacy, hacking, sexting and creating or possessing and/or disseminating child pornography are brought to their attention.

Teachers must be aware that in many instances, cyber-bullying can constitute criminal conduct, especially when the behaviour is seriously threatening, harassing or intimidating. Cyber bullying and highly inappropriate use of technology could include: child pornography, fraud, impersonation, or sending words or images that cause offence, distress, menace or threaten.

Our Duty of Care with bullying and related matters may in certain circumstances extend past the school hours of instruction. If unacceptable behaviour occurs that has a close nexus with the school or with the wellbeing of a child educated at the school but occurs outside school hours, off-site or through the use of a student's personal mobile devices and/or computer, we may still have an obligation to respond.

Therefore at Mary Help of Christians school if staff become aware of such a circumstance they are obliged to bring the matter to the attention of the principal.
